Subject: RE: Dear US Primary Exporter of Hazardous Waste
Attachments: EPA ID number for IBR - June 2017.pdf

Thank you Scott for telling me about those two addresses.

I hope that the following explanation will answer your question.

The address of "12770 Merit Drive, Dallas TX" is the office building that I work in. Our EPA ID number is associated with that address as is shown in the attached letter which issued our EPA ID number in June of 2017. There were no shipments in 2017 for 12770 Merit Drive, Dallas TX.

* The address of 38373 North Sussex Hwy, Delmar DE is for a warehouse that is now closed permanently. The warehouse at 38373 North Sussex Hwy, Delmar DE closed while the Acknowledgment of Consent was still in effect.

Cordially,

Dan Lane
Interstate Batteries Recycling LLC
12770 Merit Drive

Dan:

In reviewing the two mailings of SLAB annual reports we have received from you, it appears that reports for two locations which had consents during 2017 are missing. They are:

12770 Merit Drive, Dallas TX and
38373 North Sussex Hwy, Delmar DE

Please consult your records about exporting from these sites.

Thank you.
